IF NOT AVAILABLE, ARRANGE CALL-BACK

Hello, this is __ from Gilmore Research calling on behalf of the governor's budget office. PAUSE: We are conducting a survey funded by the Washington State Legislature to learn from local residents about their employment situation, education, family income, and housing. This information will be used by the state to help direct programs that will expand the economy and provide new jobs, to plan for schools and train teachers, and to plan for adequate housing based on family needs.
